INTERNSHIP

Geekster   **September 2023 - Ongoing**

Full Stack Web Development Bootcamp   *Remote*

PROJECTS

Resume Builder Integrated with Ai | **HTML, CSS, JS**   **1st April 2024 – 4th April 2024**

- Interview Ready with AI is an innovative JavaScript project aimed at empowering users to excel in their job interviews through an interactive platform.
- Leveraging the power of artificial intelligence, this platform provides users with personalized assistance, including resume analysis, job suggestions, project recommendations, a customized roadmap, and an AI-driven mock interviewer.
- With a focus on user-centric design and cutting-edge technology, Interview Ready with AI revolutionizes the interview preparation process, helping users showcase their skills and land their dream jobs.

Code Pen Clone | **HTML, CSS, REACT.JS**   **9th June 2024 – 13th June 2024**

- This application is a web-based code editor that allows developers to write HTML, CSS, and JavaScript code, preview the output in real-time, and save their projects online.
- It aims to replicate the core functionalities of Code Pen and provide an easy-to-use platform for coding enthusiasts.
- Sign Up / Log In: Create an account or log in to your existing account.
- Create a Project: Click on "Create New Project" to start coding.
- Write Code: Use the code editor to write your HTML, CSS, and JavaScript code.
- Preview: See the live preview of your code in the output window.
- Save Projects: Save your projects and access them anytime from your dashboard.
